

Colorectal – First Outpatient

Introduction

You have been referred for an appointment to the Colorectal Service, the service provides treatment for patients with the following conditions;

Colorectal cancer, diverticular disease, haemorrhoids, abdominal pain.

We are working hard to reduce the backlog of patients waiting for an appointment in this service and you will receive an appointment as soon as possible based on the clinical urgency of your referral.

Guidance for Patients

You should continue taking all of your prescribed medications unless you have been advised otherwise by a Healthcare professional.

You can find information about improving your overall health and wellbeing on the My Planned Care Template. This includes links to BMI calculator and Eat Well Guide, Stopping Smoking, Alcohol Awareness and Mental Wellbeing.

What should I do if my health is deteriorating?

If your symptoms change or deteriorate prior to receiving your appointment, please contact your GP Practice for advice and guidance.
